

Kiteboarding Season 2007-08

Kite Lessons

KITESPORTS are gearing up for a terrific season. We have some great new kiteboarding equipment arriving in our shop at 950b Ferry Rd that's gonna make the transition into the sport better for everyone, plus performance kites & boards second to none. This new gear will take your level of riding to the sky!

We are also proud to be the first kite school in New Zealand to bring the **KITES Method** (Kiteboarding International Teaching Evaluation System) to the NZ public. This system will get more students riding confidently & competently faster, with no more big wipe outs or getting in other riders way. This is the **FUN** way to learn a great sport, & the only path to becoming a better kiteboarder!

Kite Club

KITESPORTS is also sponsoring the weekly '**Kite Club**' every Saturday afternoon (weather permitting). We'll have foil kites, buggys & landboards available for newcomers to our awesome sport to '**Have a Go**' under the watchful eye of fellow CWA members who already kitesurf, kite buggy or kite landboard.

We'll have 'times & tides' posted at the shop at 950b Ferry Rd, phone 384-5310, or contact Tim on 021 542 770.

HELPERS - If I could get CWA members who kite who would be keen to help the growth of the sport to come forward, please contact tim@kitesports.co.nz
